

a sleek and powerful ride designed to elevate your urban commuting experience. With its cutting-edge technology and stylish design, this scooter is the epitome of efficiency and convenience.

Powered by a robust 350W motor, the M1 Elite effortlessly propels you to a maximum speed of 30 km/h, ensuring swift and smooth rides through city streets. Whether you're zipping through traffic or cruising along bike paths, this scooter delivers reliable performance with every journey.

One of the standout features of the M1 Elite is its intuitive mobile app integration. With the accompanying app, you can effortlessly monitor your speed, battery life, and other essential metrics in real-time, providing you with full control over your ride experience. Additionally, the app allows for convenient firmware updates, ensuring that your scooter remains optimized for peak performance.

Constructed with premium materials and precision engineering, the M1 Elite boasts durability and stability, making it suitable for daily use in various weather conditions. Its ergonomic design ensures a comfortable riding experience, while the vibrant Zima Blue color adds a touch of sophistication to your travels.

Whether you're commuting to work, running errands, or simply exploring the city, the BOGIST M1 Elite Zima Blue Electric Scooter is your ultimate companion for efficient, eco-friendly transportation. Experience the future of urban mobility with the M1 Elite.

Model		M1Elite	
Package List	Package Size	1160*235*595mm	
	Gross weight	14.5KG	
Product basic parameters	Weight	Net Weight	12.3KG
		Max load	100kg
	Size	Expand body size	1050*420*1070mm

	Folding body size	1050*420*420mm
	handle width	420mm
	Pedal to handlebar size	700mm
	Chassis height	90mm
	Pedal size	575*145*20mm
	Pedalable size	400*145*20mm
Speed KM/H	1st , 2nd , 3rd (idling)	1st 10 km/h, 2nd 20km/h, 3rd 30km/h (idling)
	1st , 2nd , 3rd (65kg load)	1st 10 km/h, 2nd 20km/h, 3rd 30km/h
Battery life	Single battery life	20-25KM
performance	gradeability	8°
	Braking system (disc brake, electronic brake, others)	Front electronic brake/rear disc brake

	Braking distance (M)	5-9M	
	waterproof level	IP54	
Material	Frame material	Aluminum alloy	
	Handlebar material	Aluminum alloy	
	Car rear material	none	
	Seat bag material	none	
Motor	Brand	BOGIST	
	Voltage	36V	
	Acceleration mode (sine wave/square wave/)	sine wave	
	Motor form (integrated, split, other hub motors)	One body	
	Power data	rated power	250W
		Instantaneous maximum power	448W

	Maximum speed	750rpm	
	Maximum output torque	13.5N.M	
Battery	Brand	BOGIST	
	Model	18650lithium battery	
	Capacity	Single cell capacity	2600
		Battery pack capacity	7.8
	Voltage	36	
	Charging time	5-7h	
	battery protection system	10 strings of 20A protection board	
LED Headlight	Number of lamp beads	1	
	Power (Watts)	0.5W	
	Illumination angle	45°	
	Irradiation area	5	

Charger parameters	Input voltage	AC90-240V
	Input Current	1.5A
	The output voltage	54.6V
	Output current	0.3A
Inner Tire	size	none
	type	none
	Material	none
	Brand	BOGIST
Out Tire	size	8.5
	type	honeycomb solid tire
	optimal tire pressure	none
	Material	rubber
	Minimum (height from the ground)	1070mm
Seat Cushion	Maximum (height from the ground)	1070mm

	Brand	BOLI
Disc brake disc	outer diameter	110mm
	Thread inner diameter	5mm
	Type(LED/LCD/OLED)	LED
Display	size	40*20mm
	Show content	Speed, headlights, Bluetooth, battery level, gear position, fault codes
	Function settings	On/off key: 1. Short press for 1-2 seconds to turn on the phone; 2. Press the key twice in succession to turn on and off the headlights.
	Universality (marking is common to which model)	Use the APP independently
APP		
	cruise control function	APP can set cruise

Function description	KM/H is set to MPH/MILE	APP can set the metric and imperial system
	Zero start non-zero start mode	APP can set startup mode
	Car lock function	APP can be set to lock the car
		Instructions, hangtag, charger, adapter, combination lock, tool kit
Package List	KM/H is set to MPH/MILE
